C. L. Russell has sold the place he purchased of C. M. Hall to Harry T. Cushman of Bennington. The consideration is \$900. The deed to Mr. Cushman reserves the plumbago mines that are on the premises, but these have been leased to Mr. Cushman, who will at once commence to work them. Chelsea has evidently struck "big grade" in its career. Several of the young people gave Mr. J. O. Perkins a surprise party last Thursday and passed a very pleasant social evening.

Last Sunday morning an announcement was made at the Congregational church that the executive committee desired a sub-committee to be appointed to see about purchasing some new hymnals which can be bought at a reasonable price. People have been short of money now for several months and it does not seem wise to some to invest in new hymnals as long as those now in use are giving good satisfaction. Nearly every pew is supplied with one or more copies of them. But it must be confessed that a great deal of fault is found with the small hymnals used for Sunday school and evening services. What was the trouble with the good old Gospel hymns which everyone knew and sang when at work? Why can't we have the songs that Christian Endeavorers use everywhere? Now when strangers come to our services our songs are unknown to them and when we go to other churches we are not familiar with their songs, but we do enjoy the life with which they sing inspiring songs and long to send our hymn books away in some missionary barrel. Not many evenings ago the choir heroically sang about the joys of Paradise. The other tunes of the evening had not been pleasant and the beautiful words of this one were forgotten in hearing the wretched tune which made one long for Paradise or some place where such notes were never heard. If these new hymnals are suitable for prayer meetings and have songs full of joy and love and earnest pleading, by all means let us have them. We prefer the newer numbers of the Gospel hymns. A CHURCHGOER.
